To Whom It May Concern,

I am writing to highly recommend **Amir Marjani** for any future opportunities in front-end development and technical leadership. Amir served as the **Front-end Team Lead** at Persici Financial Technologies from **September 2021 to April 2025**, and his contributions were instrumental to our product's success and user experience.

Throughout his time with us, Amir consistently demonstrated outstanding leadership, creativity, and a commitment to quality. He led the front-end development team in delivering high-quality, user-friendly, and responsive interfaces. His strong collaboration with the back-end, QA, and product design teams ensured seamless product integration and delivery.

Amir's technical expertise in **Angular**, **PrimeNG**, **NGZorro** and the **ABP Framework** allowed him to implement scalable and maintainable solutions that aligned with both technical standards and user expectations. Beyond his technical skills, he provided valuable mentorship and guidance to front-end developers, playing a key role in their professional development and in fostering a culture of continuous improvement.

His ability to communicate clearly, solve problems efficiently, and deliver results on time made him a respected and valuable member of our organization. Amir's combination of leadership, technical acumen, and teamwork made a lasting impact on our company.

I strongly recommend Amir for any future endeavors and I am confident that he will be a tremendous asset to any organization he joins.

Please feel free to contact the HR Manager at hr@fintranet.io if you have any further questions.

Sincerely,
Ashley Robertson
